Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 25 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Changeable this weekend.

This Evening and Tonight:
Heavy showers parts of across England and Wales mostly dying out. Light rain and drizzle affecting eastern Scotland and northeast England, whilst low cloud moves in off the North Sea. Clearer skies in the south with some fog patches forming.

Saturday:
Low cloud mostly breaking inland, though persisting across parts of Scotland and Northern Ireland with a little drizzle. Sunny spells for many with a few showers breaking out.

Outlook for Sunday to Tuesday:
Largely fine with sunny spells, and increasingly warm, although some locally chilly nights. Cloudier with periods of rain, heavy and possibly thundery at times, in the far south.
